

Leaf area / 6 cm²

PRINT AT ACTUAL SIZE (100%) ON A4. Disable Fit to page.

Two identical cutouts. Cut on the outer line and remove the inner circle.

Check this line measures exactly 50 mm after printing

Place the leaf flat on a white backing, with this cutout on top.
Keep four or more well-spread markers visible. Use app 0.2.0 or newer.
Only leaf tissue in the circle is measured. Check the colored overlay before saving.
Opening diameter: 27.6395 mm. The front tip retains the original 20 mm radius.
External imaging aid. Keep the same leaf region registered for LI-6800 measurements.
